

Looking for an opportunity to study abroad in Korea? Then, apply for Higher Education for ASEAN Talent (HEAT) scholarship program !

The Korean Ministry of Education (KMOE) and Korean Council for University Education (KCUE) have launched a scholarship program for ASEAN faculty members: Higher Education for ASEAN Talents (HEAT). HEAT scholarship program aims to invite faculty members from ASEAN higher education institutions to support their acquisition of a doctoral degree in Korea with the aim to enhance their expertise and promote people-to-people exchanges between Korea and ASEAN.

Applicant Requirement:

- Applicants with ASEAN citizenship
- Applicants who are academic faculty members at 4-year college/university in their home country
- Applicants whose highest educational attainment is a master's degree or its equivalent
- Applicants who are in good health both physically and mentally to allow them to pursue their studies
- Applicants who have discussed an academic leave of absence with the university they belong to and how to contribute to their school after their return
- Applicants who are younger than 45 years old on the day that the doctoral program starts
- Applicants who have a sufficient level of proficiency in Korean or English
- Applicants who meet each university's additional requirements

Benefits:

- Roundtrip travel (one time only): Round-trip economy class flight ticket
- Monthly allowance: 1,100 USD per month
- Relocation (settlement) allowance (one time only): 300 USD upon arrival
- Tuition: All admission and tuition fee is waived by the host institution
- Dissertation Printing Costs: 400-600 USD, depending on the actual cost
- Language Training Costs and Medical Insurance: the amount of coverage or benefits will vary depending on each university
- Other Costs: Various incidental allowances depending on each university
- All grants will be paid in KRW and the amount may vary depending on the exchange rate
